

LET'S GO SAILING

Come with us, on a beautiful day of sailing, swimming, snorkeling, fishing and relaxing under the sun, on the remote island of Dia (round 6 n.m north of Heraklion harbor).

Charter one of our sailing boats, from 11 to 16 meters long, with a capacity of 8 to 25 passengers each and let our crew show you the beauties of our seas.

Choose from half a day excursion (10am-2.00pm), to a complete day (10am-6.00pm) of sailing, or even a full moon sail. Drinks and fruit are on us, we can also arrange for lunch and (or) dinner, if you wish. If you are willing to extend your vacation to more than one day, we can sail along the Cretan coastline, or we can start island hopping, cruising among the Cycladic islands, north of Crete.

Either way we'll try to make this trip, a long-lasting memory for you.

ACTIVITIES

Diving - Snorkeling

Deep down the seas, in the deep blue, there exists a wonderful unknown world, one of enchanting beauty. The few that visit it experience the sensation of being accepted into a silent paradise, filled with infinite forms and colors and myriads of sea species. Undersea caves, great reefs, ancient sunken towns, make up an invisible world, yet pulsating and alive. The entrancing iridescence of the sunlight, diffracted by the crystal-clear waters, the sense of peace and eternity prevailing beneath the surface of the sea, the reduction in human weight lending a sensation of flight and freedom, all make diving an exhilarating experience. The Greek sea is recorded as the cleanest in the Mediterranean. Thus, diving into the "big blue" of Greece represents a unique experience for those who attempt it, provided they have prior training and special precautions are taken.

On board our vessels you will find standard snorkeling equipment (masks, flippers etc.) but we can arrange scuba diving sessions upon request.

A person is sitting on the deck of a sailing yacht, looking out at the sea. The yacht's mast and rigging are visible in the foreground. The background shows a vast, blue ocean under a clear sky.

Fishing

Crete is all about sea, an aquatic heaven, full of life. With a coastline that stretches from Chania to Sitia, Crete is a fishing paradise. Fishing and exploring the coast by boat is one of the most magical ways of seeing Crete.

Hundreds of rocky coves, small bays, and the imposing island of Dia just 7 NM from the Harbor of Heraklion, make a fantastic view for those lucky enough to be afloat while the walls, gorges and caverns of the sea's bottom (a result of the continuous volcanic formations of the past) the clear waters, mild weather conditions and the high temperature make a super habitat for hundreds of different marine species.

Our Yachts provide standard non – professional fishing equipment.

Have a full traditional fishing experience on our sailing Boat GALAXIAS, a traditional “Kaiki.

Photo - Videography

Take your photography & video skills to the next level!

Some would say that sailing is a fine art itself– mastering the skill, knowing how to read the wind and sea, and how to set the sails so that you travel into the right direction.

From a photographer’s perspective, sailing is an excellent chance to master your shooting skills while at the same time enjoy the air breeze, the sun and the adventurous spirit of being aboard a sailing yacht.

The clear colors of the sea varying from turquoise to deep blue, the pink-like colors of the sunset sky, the excitement to shoot a boat while sailing and the good chances to meet up with some dolphins on the way, make sailing a demanding &challenging photo-shooting experience.

Whether you are a professional photographer or video maker or an amateur photography lover, we will make sure that you have the best chances and the necessary environment for a lifetime experience being remembered through breathtaking pictures.

We can also arrange special photography & Direction sessions on board our sailing yachts as well as host professional photo shootings for clothes, weddings etc.

Romance

Imagine relaxing on the deck of a luxury sailboat with a glass of fine wine in your hand as the wind pushes you across the crystal clear waters of Cretan Sea at sunset. As you gaze out across skyline you'll witness the sun go down painting the sky in shades of gold, purple and pink.

Thalasail sunset sailing cruise is the ideal way to celebrate a birthday, honeymoon, anniversary, or the perfect ending to another unforgettable day at the island of Crete.

Wine, cheese, & if requested champagne & a special dinner add to the sensation of pampered exclusivity you'll experience on this one of a kind sunset.

Parties & Events

Gather your friends & pack your sunscreen for a day or days full of fun, music, sea and nightlife.
